**2.** In opening speech, the Project Director (PMO) welcomed all the participants (attendance sheet attached as **Annexure-A**) for sparing their precious time and attended the pre-application meeting. Thereafter, the Project Director explained in detail, the salient features of the Project, its aims, objectives,

major components of the Project, its implementation schedule and overall utility of the services to the general public to be provided through this project.

**3.** Project Director (PMO) further explained the prequalification documents particularly the contents of Section-2 (Application Data Sheet), Section-3 (Qualification Criteria), Section-4 (Application Forms), and Section-6 (Scope of Contract). The meeting was held in two parts. During the first part, Project Director (PMO) explained in detail by reading through the important clauses on preparation of prequalification documents and application of qualification criteria (financial and experience). Moreover, the Section-4 of the prequalification documents were explained to the applicants covering the standard format of different forms and the applicants were stressed to use the standard format of forms while submitting the application/bids.

**4.** During second part of the meeting, the participants were invited for any queries. Applicants were advised to submit their written query(s) to PMO for written replies/ advice accordingly. The queries raised by the applicants were mainly related to size of packages, qualification criteria, requirements on JV arrangement etc. In response to the queries, Project Director informed that replies to the queries will be provided in writing. It was also decided that the applicants will submit their queries within a three (03) calendar days' time (by COB 20 May 2023).

**5.** The meeting was concluded with a vote of thanks to and from all the participants. The queries received in PMU and corresponding replies thereto are attached as **Annexure-B**.

|------|---|---|
| 1    | <p>It is brought into your kind notice that due to pandemic of COVID-19, construction activities during financial year 2020 and 2021 got hampered and hence affected overall average construction turnover of almost all the civil works contractors.</p> <p><b><i>Keeping in view the above and in order to qualified maximum numbers of potential contractors for the proposed works in the said prequalification, Section-3 of Qualification Criteria Section 3.2, Average Annual Construction Turnover required for Category-II, III &amp; IV may be reduced for healthy competition accordingly.</i></b></p> | <p>The criteria for Average Annual Construction Turnover (AACT) for pre-qualification were established following the guidelines provided in the user guide of the Asian Development Bank (ADB). These criteria have been carefully designed to ensure precision and reflect the size and nature of the procurement process. Given the importance of maintaining fairness and transparency in the pre-qualification process, the request to change the qualification criteria cannot be entertained. This response is applicable to all categories i.e., Category I, Category II, Category III, and Category -IV</p> |
| 2    | <p>We would like to request you for two months extension in the prequalification submission date due to the prevailing unstable political situation in Pakistan.</p> <p>Considering the high importance of the Project of National Interest, it is mandatory to analyze rational level all Factors, which cannot be assessed during this current situation in the country. Therefore, we kindly ask you for further two months extension in the Prequalification submission date.</p>   | <p>The deadline for submitting PQ Applications is set for 06 June 2023, allowing ample time for the preparation of PQ Documents. Considering the urgent nature of the project, it is not possible to grant any additional extensions for the submission deadline of PQ Applications. Therefore, please adhere to the instructions provided in the issued PQ Documents.</p>  |
| 3    | <p>During detail study of PQ Documents, we found that in section 3 of qualification criteria, section 3.2 Average Annual Construction Turnover Criteria mention for average annual turnover is very high.</p>   | <p>Please refer to the explanation given at Serial No. 1.</p>   |

|      | <p>Due to Covid-19 construction activities were halted, due to which most of the contractors' annual turnover falls.</p> <p><b><i>Therefore, you are requested for relaxation of Average Annual Construction Turnover in prequalification criteria in all categories for healthy competition.</i></b></p> |   |
| 4    | ISO Certification is required in EXP-4. It is to bring in your kind notice that none of the contractor will have ISO certification in EHS.  | ABD is the Asia's climate bank, and it is necessary to ensure the Environmental and Health and Safety requirements are met on work sites in all of ADB funded projects. Having ISOs allows us to ensure that the Contractor will have the capability/capacity to comply with these requirements. Therefore, your request is not accepted. The ISO conditions remain the same.   |
| 5    | In EXP-1 similar work completed projected limit is high for all categories. You are requested to reduce the work completed limit, so that most of the contractors can participate prequalification criteria.  | The criteria for Contract of Similar Size and Nature have been established according to the guidelines provided in the user guide of the Asian Development Bank (ADB). These criteria have been carefully designed to ensure precision and align with the size and nature of the subject procurement process. Therefore, it is regretted to inform that the request to reduce the work completed limit cannot be entertained. Please follow the as issued PQ Documents. |
| 6    | Request to relax the criteria due to corona pandemic in 2020-21 and politics crises in our districts mentioned in Section 3 of Qualification Criteria Section 3.2 Average Annual Construction   | Please refer to the explanation given at Serial No. 1.  |

With reference to IFP Notice published on **29 April 2023** followed by addendum-1 published on **16 May 2023** for the above-mentioned prequalification categories, the following amendments have been made in the respective sections of the Prequalification Documents under this Addendum No. 02 in accordance with ITA 8.1 of the Prequalification Documents. The addendum shall be read and construed as an integral part of the Prequalification Documents and shall take precedence over other conflicting items / ambiguities in the Prequalification Documents.

As such, the changes made are mentioned herein below which are applicable to the subject Categories (Category-III and Category-IV) of the Prequalification Documents, unless indicated otherwise.

**4.2: Construction Experience in Key Activities (Category-III and Category-IV):**

Para 4.1 of Section 3 of the PQD is being amended to rectify an error therein. Under Table-1 of Criteria requirement, the wording stated as “*Participation as a contractor, Joint Venture partner, or Subcontractor, in at least **two** (01) contracts that has been successfully or substantially completed within last seven (07) years*” replaced with the wording as “*Participation as a contractor, Joint Venture partner, or Subcontractor, in at least **One** (01) contract that has been successfully or substantially completed within last seven (07) years*”.

Page No. 3-7 of the PQ Documents for Category III and IV of Section-3 has been replaced with the amended Page No. 3-7 of Section-3 for Category III and IV, attached at **Annexure-C**.
